“Listening to your heart is not simple. Finding out who you are is not simple. It takes a lot of hard work and courage to get to know who you are and what you want”.

Aries

March 21 - April 19

Your focus in April is on personal finances and values. Who are you? What do you want? The challenge here is to pragmatically match your ideals with the way you live your life. May brings more clarity in this area as your ability to communicate and think is highlighted. Listen to or read about people whose philosophies you respect and admire. You'll find inspiration.

Taurus

April 20 - May 20

Self-confidence is high around your birthday. You're beginning to know what you want and how to go after it. Friends are a great support to help you understand yourself – take a good look at who's in your circle. Qualities you see in them are qualities you possess yourself. Are you happy with what you see? Shared resources are a good source of income during April & May.

Gemini

May 21 - June 21

In April, you're torn between retreating, meditating, day-dreaming or making your mark in your career. You want both! May takes the pressure off when you get out in the world; communicating with friends. Your thoughts become more deliberate and focused, helping you ground your ideas and get clear about who you are and what you want.

Cancer

June 22 - July 22

Your social scene heats up in April. If money seems a little tight, there's lots of things to do that don't require a lot of cash; visits, walking, checking out free lectures. In May your compassionate side really comes out; you're more than your usual sensitive self. A good month for helping those less fortunate, visiting people who are somehow confined or need assistance.

Leo

July 23 - August 22

April is great for your career, being recognized in the workplace. You're seen as responsible, capable and efficient. May brings in a more social theme. Contact with friends and groups is favored. You're creative and fun is on the agenda more than work – go out and play, chase after romance, see yourself through your lover's eyes.

Virgo

August 23 - September 22

You're searching for truth, higher meaning, philosophizing in April; a good month to get clear about your ideals and learn from “the Masters.” You may teach, travel or pursue education. May looks good for work/status where your intellectual skills really come to the fore. You're seen as intelligent and a clear communicator.

Libra

September 23 - October 23

Shared resources, taxes, reformation of relationships on a deep level is your focus in April. Watch for disagreements in all partnerships in May. Kiss and make up; this tension will not last, but can be an opportunity for “clearing the decks” around issues that need to be addressed – intend to do it peacefully and you'll have success.

Scorpio

October 24 - November 22

Marriage and partnerships are where you get your energy and passion in April; you find creative ways of keeping the flame alive. In May, communication and the need to bond on a very deep level is strong. Look bravely inside yourself to find what you really need and want; you're able to express it bravely if you come from your heart.

Sagittarius

November 23 - December 21

Work, service, health concerns are the focus in April. You're looking at ways to stay (or get) fit and healthy. May brings more open communication with partners. Both you and they are able to see each others' points of view easily and openly; a good time to renew vows, commitments, or take it to the next level.

Capricorn

December 22 - January 20

In April, you're tapping into a vast expanse of creativity – a great month to have fun, relax and create for the pure joy of it. Relationships are sweet and you look good to partners. May finds you dealing with health issues or hospitals; not necessarily for you, but your concern for the welfare of others may prompt you to help those who can't help themselves.

Aquarius

January 21 - February 18

Home, family roots is where your heart is in April. You find innovative ways to make money for home improvements. Your playful side comes out in May – it's Spring and you really feel it! Do things that bring you joy and happiness. The Dalai Lama says, “the purpose of life is to be happy”. Sage and practical advise!

Pisces

February 19 - March 20

You're busy with paperwork, errands and communication in April, which is where you shine now. Your mind is sharp and your intellect is hungry for information. May brings you closer to home – cocooning, re-decorating or dealing with family issues. A good month for any therapies that help you understand that where you came from molds the person you are today. Dig deep!
